

# GILDAN®

# Getting back to basics.

Despite the challenges we've had to overcome, the past two years have been an opportunity to learn, reevaluate and reaffirm our strengths and core beliefs. Now is the time to get back to the basics, and we can't wait for you to see everything we have in store for 2022.

This all started with the launch of a new brand campaign: Basic Is. Basic is a blank, clean canvas, the perfect platform for a new idea and an indispensable tool for self-expression. It's our belief that the basics — like quality, consistency and reliability — deserve more attention than they usually get. At Gildan, we treat basic with the respect it deserves.

To elevate the Gildan Softstyle® collection even further, we've added eight new styles and 15 new colors. Five styles are being incorporated from our sister brand ANVIL® by Gildan®, and three are completely new, allowing us to consolidate and simplify our core Gildan® offering.

Additionally, to enhance the customer experience, we've upgraded the Gildan® Product Locator app with a new scanning feature and created a new streamlined, multi-brand website ([gildanbrands.com](https://gildanbrands.com)).

Gildan continues to have your back and we remain committed to Making Apparel Better®, not only with regard to the quality of our garments but also how they are made.

# Creating the change we want to see.

## Responsibility in every stitch.

So much goes into our products beyond cloth and dye — our beliefs, our values and our drive to Making Apparel Better®. We're committed to being sustainable, ethical and transparent about our practice, because while we fabricate many products, we never fabricate the truth behind how they're made.

## Conserving the environment.

Quality. Price. Impact. All in equal measure.

- We've been recognized with several awards for our sustainability efforts. We are one of only three apparel companies on the Wall Street Journal Top 100 Most Sustainably Managed Companies and we have made the Dow Jones Sustainability Index for 8 years running.
- We source our fibers responsibly and sustainably and are the industry's largest purchaser of certified U.S. cotton.
- We're a leading innovator in energy and water efficiency, developing technologies to reduce our impact on the planet.

## Caring for our people.

Our people first, and foremost.

- Because we own and operate our own factories, we're able to offer all our employees fair wages and empowering and safe workplaces.
- We also offer competitive benefits like subsidized meals, free transportation, and have free on-site medical clinics for our people.

## Creating stronger communities.

What we make matters as much as where we make it.

- We create economic development opportunities in the regions we operate.
- We invest in local organizations and projects to help our communities prosper.
